AAEES Members possess a baccalaureate degree in environmental engineering (or a related field) or environmental science (or a related field) and currently practice in the field or actively engaged in teaching. AAEES Members enjoy the same voting rights as Certified Members (BCEEs, BCEEMs, and BCESs) and can serve on AAEES Committees allowing those who are early in their careers to become connected to the profession and to be working volunteers in the Academy.

**PUBLICATIONS**

**The Environmental Engineer and Scientist**  
Includes features and articles on environmental engineering and science issues, a peer-reviewed Applied Practice and Research section, current events, news in the engineering and science professions, and more. Published quarterly electronically.

**Who’s Who in Environmental Engineering and Science**  
The official roster of Academy Certified Members by geographic location, specialty, and much more. Published annually electronically.

Defines the knowledge, skills, and abilities needed to practice Environmental Engineering at the professional level. Published in print and electronically.

**AWARDS**

**Excellence in Environmental Engineering and Science® Competition**  
Annual international project competition including research, planning, design, and operations/management.

**Environmental Communications Awards**  
Annual international project competition showcasing environmental communications projects.

**Individual Awards**  
Awarded to deserving members of the professions by the Academy each year.

**MENTORING OPPORTUNITIES**

The Academy is developing a mentoring program for Environmental Engineering and Environmental Science professionals to share their knowledge and experience with AAEES Student Members and young professionals.

**SEMINARS, WORKSHOPS, AND WEBINARS**

Opportunities to attend or host national and regional activities as stand-alone events or in conjunction with an Academy Sponsoring or Affiliated Organization. Speaking opportunities available!

**KAPPE LECTURE SERIES**

Annually brings a recognized environmental engineer to university campuses across the United States.

**COMMITTEES AND WORK GROUPS**

Serve on AAEES committees to further our mission, network with other professionals, and be recognized for your efforts.

**WEBSITE AND NETWORKING**

**AAEES Website: https://www.aaees.org**  
Contains complete information on the Academy and its structure, calendar of events, Award programs, downloadable resources, links to Sponsoring Organizations, a Career Center for free posting of resumes and job searches, internships, and more.

**Social Media**  
American Academy of Environmental Engineers and Scientists LinkedIn offers opportunities for building your career network, education, improving your education, and opportunities to collaborate with engineers and scientists around the world.

**Student Chapters and Tau Chi Alpha**  
AAEES will help you form a Student Chapter so you can collaborate with other student members, student chapters, and a Tau Chi Alpha honor society.
