

About AAEES

The American Academy of Environmental Engineers and Scientists (formerly the American Academy of Environmental Engineers), Board Certifies environmental engineers and scientists for the benefit of the profession and the public. AAEES's annual Excellence in Environmental Engineering and Science Awards recognize and promote advanced, efficient, and sustainable solutions to environmental challenges. Accredited by the Council of Engineering & Scientific Specialty Boards, AAEES also collaborates on PE licensure and university program accreditation, offers professional continuing education, student membership and chapters, individual awards, K-12 education, and professional and public resources.

Details: www.aaees.org.

"We believe being Board Certified by the Academy demonstrates that our staff are among the very best in a world where there are many claims to expertise in environmental engineering and science."

— Julian Sandino, Ph.D., P.E., BCEE,
WEF Fellow, IWA Fellow
Jacobs, Vice President

Be Recognized Among the Best Environmental Engineers in the World

Become Board Certified in Environmental Engineering

**Only AAEES offers a Board
Certification uniquely for
environmental engineers.**

**AMERICAN
ACADEMY**
OF ENVIRONMENTAL ENGINEERS & SCIENTISTS®

QUALIFICATIONS

Education. Experience.
Responsibility.

Board Certified Environmental Engineer (BCEE) prerequisites:

- ❖ Employed or teaching in environmental engineering.
- ❖ Degree in environmental engineering or other acceptable engineering field.
- ❖ 8 years experience in environmental engineering, 4 years in responsible charge.
- ❖ PE License.

Board Certified Environmental Engineering Members (BCEEM) prerequisites:

- ❖ Employed or teaching in environmental engineering, 20 years experience
- ❖ 10 years in senior position
- ❖ No PE License

VERIFICATION

Expertise. Skills.
Ethics.

Applicants with fewer than 16 years experience and 12 years responsible charge sit for a 100-question, multiple-choice exam and a peer review in the applicant's selected specialty area:

- ❖ Air Pollution Control
- ❖ Environmental Sustainability
- ❖ General Environmental Engineering
- ❖ Industrial Hygiene
- ❖ Radiation Protection
- ❖ Site Remediation (*previously known as Hazardous Waste Management and Site Remediation*)
- ❖ Solid Waste Management
- ❖ Water Supply/Wastewater Management

Applicants with more than 16 years of experience may request a waiver of the written examination. If approved, peer review is still required.

COMPETITIVE ADVANTAGE

Accountability. Leadership.
Record of Commitment.

A growing number of federal, state, and local agencies request Board Certification information in RFQs and RFPs. AAEES Board Certifications recognize highly qualified environmental engineers and scientists for the benefit of the public; federal, state, and local governments; consultants; academia; and others seeking specialty experts for projects, teams, and education.
