The American Academy of Environmental Engineers and Scientists certifies highly qualified professionals in environmental engineering and science. AAEES’s Annual Excellence in Environmental Engineering and Science Awards Competition recognizes and promotes advanced, efficient, and sustainable environmental engineering solutions to today’s environmental challenges. AAEES is the lead agency for ABET, accrediting environmental engineering programs at colleges and universities. AAEES also participates with NCEES in updating P.E. licensure examinations. Accredited by the Council of Engineering & Scientific Specialty Boards, AAEES also offers professional education events, individual awards, k-12 education, and public and professional resources.

Sponsoring Organizations
- Air & Waste Management Association
- American Institute of Chemical Engineers
- American Public Health Association
- American Public Works Association
- American Society for Engineering Education
- American Society of Civil Engineers
- America Water Works Association
- Association of Environmental Engineering and Science Professors
- National Society of Professional Engineers
- Solid Waste Association of North America
- Water Environment Federation

Affiliate Organizations
- National Environmental Health Association
- NAEM, the Premier Association for EHS Management
- National Association of Clean Water Agencies
- USAIDIS (USA Chapter of the Inter-American Association of Sanitary & Environmental Engineering)

Partner Organizations
- United States Water Partnership

AMERICAN ACADEMY OF ENVIRONMENTAL ENGINEERS & SCIENTISTS®
1125 West Street, Suite 251
Annapolis, Maryland 21401
410-266-3311
https://www.aaees.org
CERTIFIED MEMBERS
(BCEE, BCEEM, AND BCES)
Recognition by the Environmental Engineering and Environmental Science communities through certification as evidenced by your education, expertise, continuing education, and leadership and service in public and private institutions. Areas of specialization are identified in both environmental engineering and environmental science.

MEMBERS
AAEES Members possess a baccalaureate degree in environmental engineering (or a related field) or environmental science (or a related field) and currently practice in the field or actively teach. AAEES Members enjoy the same voting rights as Certified Members (BCEEs, BCEEMs, and BCESs) and can serve on AAEES Committees allowing those who are early in their careers to become connected to the profession and to be working volunteers in the Academy.

STUDENT MEMBERS
Student Members are enrolled and pursuing a course of study leading to a degree in environmental engineering (or a related field) or environmental science (or a related field).

All members of the Academy enjoy the following benefits.

PUBLICATIONS
The Environmental Engineer and Scientist
Includes features and articles on environmental engineering and science issues, a peer-reviewed Applied Practice and Research section, current events, news in the engineering and science professions, and more. Published quarterly in print and electronically.

Who’s Who in Environmental Engineering and Science
The official roster of Academy Certified Members by geographic location, specialty, and much more. Published annually in print and electronically.

Defines the knowledge, skills, and abilities needed to practice Environmental Engineering at the professional level. Published in print and electronically.

WEBSITE AND NETWORKING
AAEES Website: https://www.aaees.org
Contains complete information on the Academy and its structure, calendar of events, Award programs, downloadable resources, links to Sponsoring Organizations, a Career Center for free posting of resumes and job searches, internships, and more.

Social Media
American Academy of Environmental Engineers and Scientists LinkedIn offers opportunities for building your career network, education, improving your education, and opportunities to collaborate with engineers and scientists around the world.

Student Chapters and Tau Chi Alpha
AAEES will help you form a Student Chapter so you can collaborate with other student members, student chapters, and a Tau Chi Alpha honor society.

AWARDS
Excellence in Environmental Engineering and Science® Competition
Annual international project competition including research, planning, design, and operations/management.

Environmental Communications Awards
Annual international project competition showcasing environmental communications projects.

Individual Awards
Awarded to deserving members of the professions by the Academy each year.

MENTORING OPPORTUNITIES
The Academy is developing a mentoring program for Environmental Engineering and Environmental Science professionals to share their knowledge and experience with AAEES Student Members and young professionals.

SEMINARS AND WORKSHOPS
Opportunities to attend or host national and regional activities as stand-alone events or in conjunction with an Academy Sponsoring or Affiliated Organization. Speaking opportunities available!

KAPPE LECTURE SERIES
Annually brings a recognized environmental engineer to university campuses across the United States.

COMMITTEES AND WORK GROUPS
Serve on AAEES committees to further our mission, network with other professionals, and be recognized for your efforts.
