Student Members are enrolled and pursuing a course of study leading to a degree in environmental engineering (or a related field) or environmental science (or a related field).

**PUBLICATIONS**

*The Environmental Engineer and Scientist*
Includes features and articles on environmental engineering and science issues, a peer-reviewed Applied Practice and Research section, current events, news in the engineering and science professions, and more. Published quarterly electronically.

*Environmental Engineering Body of Knowledge (2009 Edition)*
Defines the knowledge, skills, and abilities needed to practice Environmental Engineering at the professional level. Published electronically.

**AWARDS**

*Excellence in Environmental Engineering and Science® Competition*
Annual international project competition including research, planning, design, and operations/management.

*Environmental Communications Awards*
Annual international project competition showcasing environmental communications projects.

*Individual Awards*
Awarded to deserving members of the professions by the Academy each year.

**MENTORING OPPORTUNITIES**
The Academy is developing a mentoring program for Environmental Engineering and Environmental Science professionals to share their knowledge and experience with AAEES Student Members and young professionals.

**SEMINARS, WORKSHOPS, AND WEBINARS**
Opportunities to attend or host national and regional activities as stand-alone events or in conjunction with an Academy Sponsoring or Affiliated Organization. Speaking opportunities available!

**KAPPE LECTURE SERIES**
Annually brings a recognized environmental engineer or scientist to university campuses across the United States.

**COMMITTEES AND WORK GROUPS**
Serve on AAEES committees to further our mission, network with other professionals, and be recognized for your efforts.

**WEBSITE AND NETWORKING**

*AAEES Website: https://www.aaees.org*
Contains complete information on the Academy and its structure, calendar of events, Award programs, downloadable resources, links to Sponsoring Organizations, a Career Center for free posting of resumes and job searches, internships, and more.

*Social Media*
American Academy of Environmental Engineers and Scientists LinkedIn offers opportunities for building your career network, education, improving your education, and opportunities to collaborate with engineers and scientists around the world.

*Student Chapters and Tau Chi Alpha*
AAEES will help you form a Student Chapter so you can collaborate with other student members, student chapters, and a Tau Chi Alpha honor society.
